DOMINION ORDERS IN COUNCIL.

[159]

AT THE GOVERNMENT HOUSE AT OTTAWA,

Tuesday, the 23rd day of January, 1900.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-GENERAL
IN COUNCIL.

WHEREAS the regulations affecting timber on Dominion Lands, established by the Order in Council of the 17th September, 1889, as well as the amended regulations established by the Order in Council of the 1st of July, 1898, provide that a licensee of a timber berth in Manitoba, the North-west Territories and in the Railway Belt of the Province of British Columbia, shall pay an annual ground rent of five dollars per square mile, except for lands situated west of Eagle Pass in the Province of British Columbia, in which case the annual ground rent shall be five cents an acre:

And whereas representations have been made to the Department of the Interior that the rental of five cents an acre charged for the ground rent of limits between Eagle Pass and Yale is excessive as compared with the rental of five dollars per square mile for limits east of Eagle Pass, the timber in the former tract being inferior to the timber in the latter tract:

And whereas the matter having been referred to the Crown Timber Agent for the Railway Belt in British Columbia, he reports that the representations made are according to the facts,—

Therefore, His Excellency, by and with the advice of the Queen's Privy Council for Canada, is pleased to order that the annual rental of timber berths situated between Eagle Pass and Yale shall be and the same are hereby reduced from five cents an acre to five dollars per square mile, and that the regulations established by the Order in Council of the 1st July, 1898, be amended accordingly.

To erect the necessary works on a piece of land situated at the north-east corner of Salmon Arm, Sechelt District, in the District of New Westminster, for the development of power by the use of 20,000 inches of water from the Clowhom River flowing into

Salmon Arm, which has been duly recorded. Also to construct a dam across the said river immediately above the Upper Falls, from whence it is proposed to convey the water to the penstock head by means of a flume constructed of sawn timber 15 feet wide, carrying a depth of 6 feet of water, and of a length approximating 2,100 feet. From the penstock the water will be conveyed to the water-wheels by a pipe line of wrought iron or steel about 280 feet in length, with a vertical fall of 115 feet. For the conveyance of the whole volume of water a pipe of about 7' 6" in diameter will be used. This pipe will deliver the water into a receiver under pressure approximating 47 lbs. per square inch, from whence it will be supplied to the various power wheels as required.

The purpose to which the power is proposed to be devoted is the supply of motive power to works which are to be erected on the land which this Company is acquiring for such purpose on Salmon Arm.

The proposed works, which the Power Company will either erect themselves or will introduce capital for the purpose, are for entirely new industries in this Province. Firstly: works for the production of wood pulp. Secondly: for the manufacture of paper from the wood pulp which will be produced by the aforementioned works.

(2.) And this is further to certify that the amount of capital of the Company which shall be actually subscribed for the purpose of the power works within nine months from the date of this Certificate is hereby fixed at the sum of twenty-five thousand dollars (\$25,000.00).

(3.) And this is further to certify that the time within which the said undertaking and works shall be commenced is fixed at twelve months from the date of this Certificate, and the date when the power works shall be completed is fixed at two years from the date hereof.

Dated this 10th day of July, A.D. 1900.

DOMINION ORDERS IN COUNCIL.

[159]

AT THE GOVERNMENT HOUSE AT OTTAWA,
Tuesday, the 23rd day of January, 1900.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-GENERAL
IN COUNCIL.

WHEREAS the regulations affecting timber on Dominion Lands, established by the Order in Council of the 17th September, 1889, as well as the amended regulations established by the Order in Council of the 1st of July, 1898, provide that a licensee of a timber berth in Manitoba, the North-west Territories and in the Railway Belt of the Province of British Columbia, shall pay an annual ground rent of five dollars per square mile, except for lands situated west of Eagle Pass in the Province of British Columbia, in which case the annual ground rent shall be five cents an acre:

And whereas representations have been made to the Department of the Interior that the rental of five cents an acre charged for the ground rent of limits between Eagle Pass and Yale is excessive as compared with the rental of five dollars per square mile for limits east of Eagle Pass, the timber in the former tract being inferior to the timber in the latter tract:

And whereas the matter having been referred to the Crown Timber Agent for the Railway Belt in British Columbia, he reports that the representations made are according to the facts,—

Therefore, His Excellency, by and with the advice of the Queen's Privy Council for Canada, is pleased to order that the annual rental of timber berths situated between Eagle Pass and Yale shall be and the same are hereby reduced from five cents an acre to five dollars per square mile, and that the regulations established by the Order in Council of the 1st July, 1898, be amended accordingly.

JOHN J. MCGEE,
Clerk of the Privy Council.
